

1. K-LOVE, which is heard on stations here in Beavercreek, Ohio, is a positive influence on the local community. This station frequently updates local residents of upcoming activities that are good for families to attend.
2. If K-LOVE were to be displaced by an LPFM broadcaster, a void would be created in the local radio market. K-LOVE provides a reliable, "family-safe" station to listen to without worrying about what our children will hear.
3. I think that stations like K-LOVE serve the public interest by encouraging local citizens in their daily struggles, and by promoting local, family-centered activities. I have listened to K-LOVE for the last 7 years on daily basis, and would like my children to have the same opportunity.
